

Six Sizzling Stories this Ski Season

in Aspen, Colo.

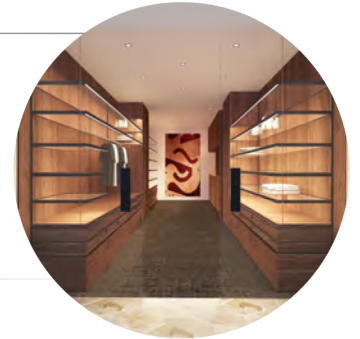

Room + Board

The Little Nell's 52 guest rooms + 26 premium guest rooms + 8 suites will be refreshed in the Spring of 2017 by Champalimaud Design of New York, known for their work on The Dorchester in London, Carlyle and Waldorf Astoria in New York, Hotel Bel Air in Los Angeles, Island House in Nassau and more. A model room will be ready in November with all details and images available then. These capital improvements follow in the footsteps of Residences at The Little Nell's soft goods refresh by Caroline-Edwards of Aspen, completed in June 2016.

Nell Style

The Little Nell introduces a chic boutique in mid-December with must-have souvenirs and luxe gifts from Little Nell slippers (cashmere, of course) to our June Jacobs signature bath product line to granola and preserves from our pastry kitchen to Little Nell pet leashes to Edie Parker purses. Embrace your Nell Style while you're our guest, and take it home once you've left.

Five-Star Service

Gracious service at The Nell begins with dedicated, caring staff and ongoing education and training. Many of our staff cite The Nell's reputation for developing world class talent as the reason they chose to move here. The Nell invests in our employees, with Forbes Travel Guide's trainers, our Master Sommelier's weekly wine courses + nightly tests, our F&B Director's boot camps, our Les Clefs d'Or-certified concierges and element 47's Guest Chef Dinner Series. New this spring – The Little Nell Wine Academy for wedding and event planners.

Art In Unexpected Places

Combining art and hospitality is an emerging trend and The Little Nell and Aspen Skiing Company have long been a part of this movement. Through a partnership with the Aspen Art Museum called "Art in Unexpected Places," the campaigns have included installations, exhibits and now 11 years of art on lift tickets. At element 47 and the Aspen Mountain Club, a contemporary art collection surrounds guests, curated by Paula Crown, an owner of Aspen Skiing Company and an artist herself.

"I Do!" With A View

Consistently voted a premier wedding venue, The Nell's mountaintop wedding deck overlooks Highland Bowl while the Aspen Mountain Club and Sundeck serve as stunning settings for a reception. A la minute dinner preparation and Master Sommeliers to hand select your wines set it apart. For bachelor parties, the cellar at The Nell is an intimate setting with infinite character. The Luxury Suites at The Nell lend themselves to bridal parties' preparation and a nest for the newlyweds.

Après-Ski The Way It Should Be

The Little Nell is Après-Ski Central with Oasis, Aspen's only mobile champagne bar presented with Veuve Clicquot; Chair 9 with its fireside setting + resident DJs; Ajax Tavern and its sun-soaked, ski-in/ski-out patio; and as the headquarters for the celebrated Apres Ski Cocktail Classic (March 9 – 12, 2017).
